

## STANDING OFFICERS

---

A security guard plays many different roles, but his primary task is to prevent crime. Security Officers comprise one of the nation's largest groups of first responders and play an integral role in prevention and crime deterrence.

JBM Patrol & Protection Corp. can provide you with as many well-trained security officers as you need for the protection of your property, visitors and employees.

We provide both armed and unarmed officers, depending on your needs. Both have passed our rigorous standards. But those who have qualified as unarmed officers and wish to also qualify as armed officers must meet additional testing and training requirements.

Our security officers are trained by law enforcement and write thorough reports that detail prosecution and limit our clients' civil liability.

## CAR PATROL SERVICES

---

Our car patrol service is very affordable and operates 24 hours a day, 7 days a week. Our car patrol officers patrol various businesses or neighborhoods on a random or scheduled route. When a uniformed patrol officer arrives at a client's property, he or she conducts a walk-through or general patrol, which lasts between 5 to 30 minutes. Clients determine the number of visits per shift. Our car patrol is not the typical security truck drive through. Our officers carefully inspect our client's property, walk the property and prepare a written report for each visit.

## EMERGENCY SERVICES

---

Emergency services include burglaries, security or fire alarm malfunctions, fire, natural disasters, or workplace violence. JBM Patrol & Protection Corp. can provide an immediate response to guard your valuables, personnel or customers during an emergency.

## STATES SERVED

---

Wisconsin, Iowa, Minnesota, Illinois, Tennessee, Kentucky, Mississippi, Missouri & South Dakota

## HISTORY

---

JBM Patrol & Protection Corp. was founded in 1990 by James B. Mankowski as a private patrol and security services agency.

## ABOUT US

---

JBM Patrol & Protection Corp. is a progressive police officer owned and operated private security firm providing the most comprehensive services available. Our level of service often requires armed or unarmed security guards, or corporate level security professionals. Typically, our clients employ our services for neighborhoods, corporate facilities, distribution centers, financial institutions, hotels, law firms, retail stores, private businesses, multi-family housing, schools and colleges, and emergency response.

## JAMES B. MANKOWSKI

### PRESIDENT

---

James was introduced to the security industry at a very young age. Since that time, his aspiration was to form his own security company. In 1990, JBM Patrol & Protection Corp. was established, with a clear mission to provide customers with security personnel who were competent, sophisticated, firm and customer service oriented.

James leads the company in its business development and growth efforts, pioneering innovative ideas to assist in the security needs of businesses. He also manages the day-to-day operation of our Madison office, which includes working security assignments and training new and veteran officers during their annual training updates.

James is also a police officer, firearms instructor and certified protection officer. He has received extensive training in the areas of guard force management, police department operations, emergency management, work place violence, business management and risk analysis assessment.

PROTECTIVE SERVICES,  
PATROL & SECURITY

DETER, GUARD, DEFEND

At JBM Patrol & Protection Corp., we believe effective, professional management is critical to a successful security agency & client relationship.

## SETTING THE STANDARD

### OUR MISSION

To provide the best possible protective services for our clients with continued responsibility and commitment to the communities we serve.

### WHY JBM?

Dedicated to developing and implementing specialized security guard programs for each of our clients, JBM provides superior service in a cost-efficient manner. Our team of exceptional security personnel are committed to delivering unmatched professional security services. JBM sets the industry standard for excellence.

### THE BENEFITS

Today, security is a top concern for virtually every business owner and executive. Security is no longer optional, it's a must have. In addition to the number one goal of helping to protect employees, customers and assets, adequate security can positively affect customer and employee retention, provide a competitive advantage and improve one's bottom line. Far too often, small businesses sacrifice security because of budget or educational issues. JBM Patrol & Protection Corp. is your solution! We have a security program that can be customized to your specific needs.

### MANAGEMENT TEAM

Members of our management team are available 24 hours a day, 7 days a week. At JBM Patrol & Protection Corp., we understand that our management personnel need to be out in the field to work with clients and employees. Our management team is consummately dedicated to personal interaction and remains pro-active in all areas of security including, but not limited to, the importance of having extra staffing for emergency situations.

### COST VS. VALUE

Because of the extreme competitiveness of our industry, there are a growing number of private security companies that offer service at an unacceptably low level. The continuation of this practice results ultimately in a deterioration of security services, increased personnel turnover and higher business costs. We only employ fully trained, drug-tested and properly screened patrol officers. Our hourly rate may be a little more than some of our competitors, but it is far outweighed by the value of having an academy trained patrol officer providing your security. At JBM, every one of our security officers is academy trained.
